**Welcome to 3850 E Antelope Road**, a well-appointed rural homestead offering privacy, functionality, and scenic beauty in a peaceful setting. The property features a blend of level to gently rolling pasture and oak savanna, with fenced and cross-fenced areas suited for animals, recreation, or everyday country living. A shared and private gravel drive provides easy access, while a grid-tied solar system, productive well, and high-speed internet ensure efficiency and modern convenience.

The two-story home is thoughtfully designed with a welcoming foyer, knotty pine ceilings, and expansive prow-style windows that capture views of Agate Lake and the surrounding landscape. The open-concept living area connects seamlessly to a well-equipped kitchen, with separate dining and office spaces adding flexibility. Upstairs, a catwalk overlooks the main living area and leads to guest bedrooms and a private primary suite. Outdoor features include a large composite deck, mature landscaping, and a fully fenced backyard, complemented by a shop, riding arena, and additional outbuildings that support a range of uses.

# DESCRIPTION

*3850 E Antelope Road, Eagle Point*

## **Residence**

This thoughtfully designed two-story home blends functionality, comfort, and rustic character. The living room features vaulted knotty pine ceilings and expansive prow-front windows that frame views of Agate Lake, seamlessly connecting to the open kitchen with granite countertops, solid oak cabinetry, and stainless steel appliances, as well as the dining area for casual and formal gatherings. Upstairs, the primary suite offers a private retreat with a walk-in closet and en suite bathroom, separated from two additional bedrooms by an open catwalk that enhances both privacy and architectural interest. Three bathrooms, a dedicated laundry area, and integrated storage provide everyday convenience, while slate, tile, and wood finishes contribute to a warm lodge-style aesthetic. Outdoor living is enhanced by a large composite deck and fenced backyard, creating a harmonious connection between the home and its serene rural setting.

## **Land and Water**

The property encompasses gently rolling terrain with a desirable mix of open pasture and classic oak savanna, creating both usable ground and visually appealing natural landscapes. Mature oak trees, native grasses, and understory vegetation provide seasonal shade, wildlife habitat, and a sense of privacy. A seasonal spring located in the northwest portion of the property adds a subtle natural feature and potential water resource. Perimeter and cross-fencing support livestock management, while the overall layout is versatile for grazing, gardening, or further rural development. The combination of level to gently rolling terrain, functional pasture, and established vegetation creates a low-maintenance, scenic setting ideal for agricultural, equestrian, or recreational uses.

*3850 E Antelope Road, Eagle Point*

## **True Homestead**

This property is thoughtfully developed as a true working homestead, offering a balance of productive land and functional living spaces. The gently rolling terrain includes open pastures and mature oak savanna, providing a versatile setting for grazing, gardening, or recreational use. A seasonal spring in the northwest portion of the property adds a subtle natural feature, while the overall layout encourages a natural flow between the home, pastures, and outdoor living areas. The combination of level ground, established vegetation, and low-maintenance native grasses creates a practical and visually appealing environment for those seeking a self-sufficient, country lifestyle.

## **Outbuildings and Improvements**

The property is well-equipped to support a variety of rural and equestrian pursuits. A multi-use shop offers finished rooms, a large open bay, and a loft area, while additional improvements include horse stalls, a lighted riding arena, cross-fencing, a chicken coop, and a designated dog run. Full perimeter fencing with supplemental cross-fencing enhances livestock management and property organization. Together, these improvements provide a functional and versatile foundation for hobby farming, equestrian activities, or a fully operational homestead setup.

## **Location**

Set in the rolling foothills above the Rogue Valley, the property offers both privacy and accessibility. Scenic views extend toward Agate Lake, while convenient access via East Antelope Road ensures everyday practicality. The setting combines the tranquility of rural living with proximity to local amenities, recreational opportunities, and the natural beauty of the surrounding valley. This location provides an ideal balance of retreat and functionality, making it well-suited for a low-density lifestyle that embraces both comfort and country living.

## Nearest Town

Medford is the main metropolitan area for the Rogue Valley, offering an abundance of eateries, wineries, and shopping.

Though smaller than Medford, Eagle Point is the everyday hub- groceries, dining, schools, fuel, medical services, and the Eagle Point Golf Club- plus direct access along OR-62 to both Medford and the Upper Rogue.

White City is a friendly little town that provides a direct route to the nearest VA Rehabilitation program as well as a variety of recreational activities.

## The Rogue Valley

Medford, Ashland, Jacksonville, and Grants Pass anchor a four-season lifestyle; wine country, river recreation, trail systems, and a lively arts scene. Jacksonville's Britt Music & Arts Festival and Ashland's theater culture complement Medford's shopping, healthcare, and services. The Valley balances small-town feel with practical convenience.

## Rogue Valley International-Medford Airport (MFR)

MRF offers the ease of a small town airport with multiple daily nonstops to major West Coast hubs and reliable connections to national gateways. Quick check-ins, on-site rentals, and straightforward access make travel simple for business or leisure.

## Climate

At approximately 1,640 to 1,820 feet in elevation, the property lies within a mild transitional zone between the Rogue Valley floor and the surrounding foothills. Winters are generally cool with periodic frost and occasional light snow, while summers are warm and dry, with daytime temperatures often reaching into the 80s and 90s and cooling off in the evenings. Annual precipitation averages in the low to mid-20-inch range, with the majority occurring from late fall through early spring. The extended dry season and moderate climate support both rural living and a variety of agricultural and recreational uses.
