It does not appear this corner has ever been recovered by anyone since the time it was originally set.

In view of the foregoing, the question of how Section 21 could possibly have been subdivided in 1911 in order to set a proper center 1/4 corner was raised, much less the NE corner of Government Lot 10 set in 1933, particularly in consideration of those corners found or set since that time.

Accordingly, it was apparent the center 1/4 corner of Section 21 set in 1911 and the NE corner of Government Lot 10 set in 1933 could not be utilized in order to set the CE 1/16 and SE 1/16 corners of said Section.

A subdivision of Section 21 was made on the basis of a closed traverse utilizing a combination of a 200 foot calibrated steel tape, an electronic distance measuring device and a six second theodolite. All corners were set from points on the closed traverse.

Existing monumentation along the westerly boundary of DR 282-314, the center of a maintenance road road along the easterly side of an irrigation ditch, at the NW and SW corners of said Deed Record was held in addition to the monument found controlling the line against abutting land to the North between the irrigation ditch and DLC line. One record course along the westerly boundary of said Deed Record was determined to be in error by 8 feet. With due allowance for this error, said boundary was adjusted to close to the monuments found.

The 75 foot square of land with spring in center reserved per DR 274-539 is not shown. However, the acreage computed and shown on the attached plat reflects this reservation. The southeast corner of a retaining wall for a spring is located N 45°05'W 85.2 feet distant from the WSW corner of DLC 39.

SURVEY NARRATIVE TO COMPLY WITH PARAGRAPH 209.250
OREGON REVISED STATUTES

JACKSON COUNTY
RECEIVED
MAR 19 1974
SURVEYOR

Survey for: Mountain Fir Lumber Co.
6890 Williams Highway
Grants Pass, Oregon 97526

Survey by : Charles H. Hurst, L.S.
23 North Ivy Street
Medford, Oregon 97501

Bearing : Meridian from Survey No. 1473 (East boundary of Section 21).

Purpose : To monument the corners and define the boundaries of tract described in Instrument No. 68-11931 of Official Records, Jackson County, Oregon.

Procedure

In order to set the corners of Government Lot 10 in accordance with the Manual of Instructions for the Survey of the Public Lands of the United States, it first became necessary to locate the existing corners of the original 1854 government survey. Inspection of the public record revealed that the SW corner of DLC 40 and the NW and WSW corners of DLC 39 had been reestablished as well as the NE, SE, NW and SW corners of Section 21.

In 1884, Jackson County Surveyor J. Jeffrey ran East 40.00 chains from the NW corner of Section 21 and raised a pile of cobblestones for the 1/4 corner, no reference to the original corner was made. In 1911, C.F. Rhodes performed the survey of Riverdale Tracts, the plat for which indicates said 1/4 corner between Sections 16 and 21. Whether the same is the corner set by Jeffrey in 1884 or the original set in 1854 is not specified and supported by corroborative measurement. The SE corner of Lot 4 of Riverdale Tracts is identified on the official plat as the center of Section 21, also unsupported by corroborative measurement. In 1933, a Jackson County Deputy Surveyor set the NE corner of Government Lot 10, the record for which is not supported by any confirming measurements.

The E 1/4 corner was set by single proportion in 1960 during the course of Survey No. 1473. The W 1/4 corner was not set in 1854, the same falling in the Rogue River.

Accordingly, a thorough search was made for the meander corners on the west line of Section 21 and a number of very old and large oak trees were tied into the survey control net. No relation with these trees to government record could be determined. Therefore, on a straight line basis, the witness pipe to the SW corner of DLC 40, set by a Jackson County Deputy Surveyor in 1940, also becomes a witness to the single proportion 1/4 corner location, suspected to be more by design than coincidence on the part of said Deputy.

The cross chiseled on the rock identified as the accepted N 1/4 corner of Section 21 was recovered after much digging along the foot of the highway fill. This corner appears to be the corner either set or used by Rhodes in 1911 and has been considered to be a valid corner by a number of surveyors in times past. This corner was held as the N 1/4 for this survey inasmuch as no evidence was found in justification for holding some other position.

The single proportion E 1/4 corner of Section 21, a 1/2" iron pin set during the course of Survey No. 1473, was not initially recovered. When the 1" iron pipe was set, it was subsequently found to have displaced said iron pin some 8" below the ground. Accordingly, the actual amount of displacement, if any, could not be determined.

Much effort in the search for the S 1/4 corner of Section 21 was made including running the section line West from the section corner with compass and chain, without immediate success. A single proportion location was determined after accurately measuring the full mile. Fortunately, upon return to the vicinity, evidence of the original 1854 corner was discovered thus precluding the establishment of said corner in other than the original position, much to the relief of all concerned.

Buyer will keep all buildings, other improvements, and external portions of the Property including outbuildings and landscaping now existing or that will be placed on the Property in at least as good condition and repair as said Property was in upon the Possession date. Buyer will not permit any removal or waste of improvements, crops, minerals or timber, nor make any substantial improvements or alterations without prior written consent of the Seller. If applicable, Buyer will farm and maintain the Property in accordance with the principles of good husbandry, conserve its resources, and maintain it in a high state of cultivation.

B. Improvements. If Buyer desires to alter all or any portion of the Property, Buyer must first obtain Seller's written consent before beginning work, ordering services or materials, or obtaining any permits. All alterations and improvements constructed by or for Buyer must be completed by an Oregon licensed contractor, and must be free of liens and defects. Seller's consent will not be deemed a representation or warranty of Seller that the approved alteration is lawful, safe, or appropriate, nor will it relieve Buyer from strict compliance with provisions of this Land Sale Contract and other applicable law.

C. Prohibited Activities. Buyer shall not use or suffer the use of the Property for any illegal or illicit activity that violates any federal, state, or local laws. Buyer shall not do or allow any act or omission on or about the Property that could subject the Property or Seller's interest in the Property to forfeiture or the risk of forfeiture.

D. Hazardous Substances. Buyer shall comply with all laws pertaining to the protection of human health and the environment and all laws regarding use, generation, storage, transportation, treatment, disposal, or handling of hazardous, toxic or infection substances, materials, or waste as defined under any federal, state, or local laws. Buyer shall Promptly notify Seller in writing of any of these substances that are used, generated, manufactured, stored, transported, or otherwise handled on the Property.

ARTICLE 6. INSURANCE

A. Insurance Requirement. At or before Closing, Buyer must provide Seller with evidence of Fire and Casualty Insurance with standard extended coverage endorsements covering all improvements on the Property in an amount equal to or greater than the full replacement value of the structures on the Property, and, if the Property is within a floodplain, Buyer shall provide Seller with evidence of Flood Insurance acceptable to Seller. Seller must be a named insured on these policies and all policies must be upon terms acceptable to Seller. Buyer must deliver a copy of such policies to Seller by Closing. 1

Buyer shall maintain a General Liability Insurance policy, acceptable to Seller, during the term of this Land Sale Contract with limits no less than $1,000,000 per occurrence. Seller shall be named as an additional insured on such policy. Buyer must deliver a copy of such policy to Seller by Closing.

Buyer must notify Seller in writing if the insurance policies are reduced or cancelled. Buyer shall ensure Seller receives prompt notice in the event any insured loss occurs, and Seller may make proof of loss if Buyer fails to do so within 10 Business Days of the loss.

B. Failure to Prove Insurance. If Buyer fails to provide Seller with proof of Fire, Casualty or Flood (if applicable) insurance or if Buyer's insurance policy is somehow reduced or cancelled, Seller may purchase insurance at Buyer's expense. If the Property becomes damaged, the coverage purchased by Seller may not pay any claim Buyer makes or any claims made against Buyer. Buyer may later cancel this coverage by providing evidence that Buyer has obtained appropriate coverage elsewhere. The cost of this Seller purchased insurance will be added to the balance of this Land Sale Contract, and will accrue interest at the same rate as this Land Sale Contract.

C. Application of Proceeds. All proceeds of any insurance on the Property must be paid and held by Seller. Buyer will repair or replace the damaged or destroyed structures or improvements in a manner satisfactory to Seller. On satisfactory proof of Property being returned lien-free to its pre-damage condition, Seller shall pay or reimburse Buyer from the proceeds for the reasonable cost of repair or restoration to the extent of such proceeds received by Seller. If Buyer does not elect to restore the Property, Seller shall retain and apply the proceeds against the amounts owed Seller under this Contract, first to pay accrued costs and fees, then interest, and lastly to pay principal, and will pay the balance, if any to Buyer. If proceeds retained by Seller are not sufficient to pay all amounts owed under this Contract, Buyer shall remain liable for the remaining amounts owed Seller under this Contract.

D. Prior Indebtedness. If there are prior liens on the Property that require insurance payment on loss, the provisions herein guiding application and division of proceeds will only apply to that portion of the proceeds exceeding that amount payable under the prior lien.

E. Title Insurance. Buyer shall be provided at Seller's expense an American Land Title Association ("ALTA") Standard Coverage Owner's Policy of Title Insurance, showing title vested in Seller at the time of Closing. This provision shall control over the Title Report Contingency ALTA provision in the Sale Agreement.

ARTICLE 7. INDEMNIFICATION

A. Indemnity. Buyer and Seller agree to indemnify, reimburse, hold harmless, and defend the other party for, from, and against any and all claims, costs, expenses, losses, damages, fines, charges, actions, or other liabilities of any description arising out of or in any way connected with a party's possession, use, or conduct with respect to the Property, or a party's breach of any warranty or representation made in this Land Sale Contract. In the event of any litigation or proceeding brought against Buyer or Seller and arising out of or in any way connected with any of the above events or claims, against which the parties agree to defend the other party, Buyer or Seller will defend such action or proceedings in consultation with the other party's legal counsel.

ARTICLE 8. REPRESENTATIONS, WARRANTIES & COVENANTS

A. Seller Representations. Seller represents and warrants to Buyer:

(i) At the time Buyer is entitled to Possession, Seller will deliver to Buyer the Property and all its included components in substantially the same condition as when Buyer submitted Buyer's offer to purchase.

(ii) Seller will keep the Property fully insured through Closing.

(iii) Seller represents that Seller has no actual knowledge of any liens or assessments to be levied against the Property, of any boundary disputes or encroachments related to the Property, of any violation of law related to the Property, or of any material defects

related to the Property not otherwise described in in this Land Sale Contract, the Sale Agreement or in any Addenda thereto or in a Seller's Property Disclosure Statement (if provided to Buyer).

(iv) Seller has no knowledge of any undisclosed hazardous substances, as classified by state and federal law, in or about the Property other than substances contained in appliances or equipment. Seller has disclosed the presence of any hazardous substances Seller either knows of or has received written notice from a governmental agency regarding. Asbestos commonly exists in building material in residential housing and may be present in the Property outside Seller's knowledge.

(v) Seller has an ongoing obligation to notify Buyer if Seller gains Actual Knowledge of any information that makes any representations made by Seller about the condition of the Property in this Agreement or in any associated disclosures materially false.

(vi) Seller has no knowledge of discrepancies between boundaries in the legal description of the Property and any current possession and use boundaries.

B. No Further Contracts. Seller represents that there are no contracts, leases, or agreements relating to the Property that will impact Buyer's ability to possess and use the Property after the Closing Date, except as otherwise set forth in this Land Sale Contract.

C. Disclosure. Seller has fully disclosed in writing and provided to Buyer all material information in Seller's possession or that Seller owns or controls that relates to the Property and the title to the Property.

D. Existing Encumbrances. Seller covenants to Buyer that (i) Seller has obtained all consents, approvals, and signatures required under any prior liens on the Property; (ii) that there is no default, failure, or condition under a prior lien that could ripen into a default; and (iii) Seller shall make all payments under the prior liens when they come due and will obey and observe all terms of such liens. If Seller or Buyer receive notice from or on behalf of a prior lien holder that a breach, lawsuit, foreclosure, acceleration, or realization has occurred, the party receiving the notice will immediately forward a copy of the notice to the other party.

E. Failure to Pay Encumbrance Obligation. If Seller fails to perform any obligations or make any payments required by a prior lien, Buyer may correct the default or make the payment directly to the prior lien holder and credit Buyer's costs in performing Seller's obligation towards the next Installment due under the contract as though paid directly to Seller.

F. Buyer Obligations. Buyer will not cause or suffer any act or failure to act that if attributed to Seller may cause a default under provision of a prior lien.

G. Subordination. Seller shall not permit subordination of Seller's fee interest in the Property to any lien, trust deed or mortgage that may be placed upon the Property by Buyer.

ARTICLE 9. CONDEMNATION

A. Application of Proceeds. If all or any portion of the Property is condemned or otherwise taken for public use after the Closing Date, the proceeds of the condemnation award will be paid to Seller, and Seller will apply such proceeds first to any outstanding fees or charges due, second to interest on the Land Sale Contract, and any remaining sums to be applied to the principal balance of the Land Sale Contract.

B. Compliance with Prior Indebtedness. If any prior liens are in effect when a condemnation occurs, the proceeds of any condemnation award will be applied first in the manner required in the prior lien, then in compliance with Section (9)(A) above.

ARTICLE 10. SECURITY AGREEMENT

A. Security Agreement. By signing this Land Sale Contract, Buyer grants Seller a security interest in any and all Personal Property included within the description of the Property, and all rents, proceeds, profits, replacement income, and accounts thereto. This Land Sale Contract constitutes a security agreement within the meaning of the Uniform Commercial Code with respect to any Personal Property included within the description of the Property and all proceeds therefrom and all replacements, accessions, and products thereof. On Seller's request, Buyer will Promptly execute and deliver all further instruments and documents, and take all further action, that may be necessary, or that Seller may reasonably request in order to perfect and continue Seller's security interest in the secured Property. Buyer hereby authorizes Seller to file any financing statements with respect to the secured Property as Seller deems reasonably necessary, at Buyer's expense. Seller may file copies of this Land Sale Contract as financing statements without previous approval from Buyer. Buyer will reimburse Seller for all expenses incurred in perfecting or continuing this security interest.

On default under the terms of this Land Sale Contract, Buyer will, within **3 Business Days** of receipt of written demand from Seller, assemble the secured Property and make it available to Seller.

ARTICLE 11. DEFAULT

A. Events of Default. Time is of the essence in this Land Sale Contract. A default will occur under any of the following circumstances:

(i) Buyer fails to make any payment within **5 Business Days** after it is due. Each instance of nonpayment of an Installment shall constitute a separate default. Seller must send a new notice of default and opportunity to cure for each instance of Installment nonpayment by Buyer.

(ii) Any default under a prior lien attributable to Buyer.

(iii) Buyer's failure to perform on any obligations contained in this Land Sale Contract within **5 Business Days** after notice from Seller specifying the nature of the default. If the default cannot be cured within **5 Business Days**, Buyer must provide proof of commencement of reasonably diligent, curative action within **5 Business Days** after receiving notice from Seller.

(iv) Buyer's death, dissolution, termination of existence, insolvency, commencement of a voluntary bankruptcy case, entry of a decree of relief against Buyer in a bankruptcy case or debtor's relief case, appointment of a receiver, trustee, or custodian of Buyer or Buyer's property, or Buyer's assignment for the benefit of creditors.

(v) Buyer making or allowing a fraudulent transfer or conveyance under state or federal law, Buyer concealing property from creditors, Buyer making or allowing a preference in bankruptcy, or Buyer making or allowing the imposition of a lien on the property of Buyer.

(vi) Buyer's failure to perform any term, condition or provision of or any default attributable to Buyer under any existing encumbrance or any default by Buyer.

B. Remedies on Default. In the event of a default, Seller may take one or more of the following steps:

(i) Seller may declare the entire balance of the purchase price and all interest immediately due and payable.

(ii) Seller may foreclose on this Land Sale Contract by suit in equity.

(iii) Seller may specifically enforce the terms of this Land Sale Contract by suit in equity.

(iv) Seller may exercise rights and remedies of a secured party as provided in the Uniform Commercial Code with respect to any part of the Property that constitutes Personal Property in which Seller has a security interest.

(v) After complying with the notice requirements and giving Buyer the right to cure the default as required in ORS 93.905 to 93.945 (notice period changes depending on unpaid balance), Seller may declare this Land Sale Contract forfeited and retain the amount of the payments previously made under this Land Sale Contract. On recordation of the affidavit required by Oregon law, this Land Sale Contract will be extinguished and cancelled, and Buyer will have no further right, title, or interest in and to the Property or to any return or compensation for payments previously made under this Land Sale Contract, as though such payments had never been made. In that event, Buyer agrees to surrender the Property to Seller. If Buyer fails to do so, Seller may elect to treat Buyer as a tenant holding over unlawfully after the expiration of a lease, and Buyer may be ousted and removed as such, without affecting Seller's right to pursue other rights and remedies contained in this Land Sale Contract or permitted by law.

(vi) Seller will be entitled to appointment of a receiver as a matter of right whether or not the apparent value of the Property exceeds the amount of the balance due under this Land Sale Contract and any receiver appointed may serve without bond. On taking Possession of the Property, the receiver may:

(a) Use, operate, manage, control, conduct business on the Property and make necessary expenditures for all maintenance and improvements;

(b) Collect all rents, revenues, income, issues, and profits from the Property and apply those sums to the necessary expenses of use, operation and management. If revenues are insufficient to pay expenses, receiver may borrow from Seller or otherwise for these purposes, and repayment of those sums will be secured by this Contract. Amounts borrowed or advanced from Seller will bear interest at the same rate as the balance of the Purchase Price under this Land Sale Contract from the date of expenditure until repaid and must be paid Buyer on demand.

(c) At Seller's option, complete any construction in progress on the Property and, in that connection, pay all bills, borrow funds, employ contractors, and make any changes in plans that Seller deems appropriate.

C. Rental Income in Default. Buyer assigns to Seller all income from the Property. Before default, Buyer may operate and manage the Property and collect income from the Property. In the event of default and at any time thereafter, Seller may revoke Buyer's right to collect income from the Property and may, either itself or through a receiver, collect the same. Seller may notify any tenant or other user to make payments of rents or fees directly to Seller. Seller will apply the income first to any outstanding fees or charges due, second to interest on the Land Sale Contract, and any remaining sums to be applied to the principal balance of the Land Sale Contract.

D. Nonexclusive Remedies. The remedies provided in this Article are nonexclusive and in addition to any other remedies provided by law.
